

Art studio directions & other info:

*My studio is above the garage so there are stairs to navigate. However, someone will be there to help carry materials if necessary.

(If you are following a GPS map, compare my directions – mine may be shorter!)

My address is 874 Deerwood Circle, Evans, Ga 30809. Subdivision is Deerwood Acres, on North Belair Road (between Furys Ferry & Washington Road). I live in the vicinity of the Columbia County government complex & library.

Coming from Washington Road (west, toward Clark's Hill): Turn right onto North Belair (past Lowes). *[If you are coming from the other direction on Washington Road, turn the opposite way onto North Belair Road, or you can take a short cut on Ronald Reagan Drive, which passes in front of the Evans courthouse.]*

Go approx. 2 mi, then turn left onto Deer run (in Deerwood Acres Subdivision before you see Wesley Memorial Methodist Church on opposite side of road). Go 1 mile, then turn left onto Deerwood Circle. Veer to right at fork. Fifth house (stucco & brick) on right.

Coming from Furys Ferry Road (west, toward Clark's Hill) : Turn left onto North Belair Road.*[If you are coming from the other direction on Washington Road or Furys Ferry, turn the opposite way onto North Belair Road.]* Go approx. 1.5 miles. Deerwood Acres subdivision is on opposite side right past Wesley Memorial Methodist Church. Turn left onto Deer Run. Go 1 mile, then turn left onto Deerwood Circle. Veer to right at fork. Fifth house (stucco & brick) on right.

Coming from I-20: Take exit 194, Jimmy Dyess/Belair Road. Turn right off exit onto Belair Road. (It becomes North Belair Rd. after a while). Go several miles. Go straight through intersection of Washington Road (past Lowes), approx. 2 mi, then turn left onto Deer run (in Deerwood Acres Subdivision before you see Wesley Memorial Methodist Church on opposite side of road). Go 1 mile, then turn left onto Deerwood Circle. Veer to right at fork. Fifth house (stucco & brick) on right.

Parking: Often the first class can be confusing about where to park. Our driveway is fairly long, but there is space for 3 cars at the end of it, & we also have a parking pad off the side that can hold 3 cars. You can also pull off anywhere along the side of the driveway.

Don't hesitate to call or email if you have questions.
