Whiskey at Ware's kicks off the annual Spring Artists' Market with a preview party and whiskey tasting where guests can purchase local art while sampling a variety of whiskeys and light hors d'oeuvres. The event will feature tasting stations of top-notch whiskeys, wine and beer, music by Coco Rubio, and artwork by local artists.

By sponsoring events like this, you are helping the Gertrude Herbert Institute of Art fulfill its mission of providing opportunities for visual arts education and developing visual arts awareness and appreciation throughout the Augusta community including free outreach to underserved youth and scholarships for summer camp. In addition, your contribution allows the Institute to continue preservation of historic Ware's Folly.
